

REMOVED APPLICANT REQUEST FOR RECONSIDERATION (MULTIPLE APPLICATIONS)

Under title 2, section 60844, subdivision (a)(1) of the California Code of Regulations, submitting more than one application during either Phase I or Phase II of the application process is grounds for removing an applicant from the applicant pool. Therefore, you can no longer be considered for selection to the commission.

If you believe there are compelling circumstances that justify reversal of this determination, you may seek reconsideration. To request reconsideration, you must complete this form and submit it to the Bureau of State Audits within 10 days of receiving this notice. Upon receiving the information provided in the form, we will evaluate your request and notify you as to whether you will be allowed to regain your eligibility for participating in the selection process.

Please provide the following information and submit it to the Bureau of State Audits by e-mail, facsimile, or delivery to the address stated at the bottom of this form. This form must be received by the bureau no later than February 27.

Name: Clifford R. Sellers

Explanation of compelling circumstances:

Following submittal of my initial application, I was advised that my application was rejected because I had not voted in two of the three prior statewide elections. In response to that notification, I sent the following e-mail (as directed by the rejection notice):

"My application for the commission was rejected because I had indicated that I had not voted in at least two of the most recent statewide elections. I apparently mis-read the question regarding voting in recent elections - I responded that I had only voted in the most recent election - 11/08, but I have voted in all three of the most elections.

Please contact me to correct my application and continue my interest in serving on this commission.

Thanks for your help. I look forward to hearing from you.

When I received no response, I submitted the second application. Since my first application was rejected based on erroneous information (mistake regarding participation in earlier statewide elections) and i received no corespondence from the state about correcting that application, I believe I have submitted only a single valid and correct application, that being the seond submittal.

Please reconsider my rejection and re-instate me in the pool for possible selection to the redistricting commission. And please advise me of the outcome of the reconsideration.

Thanks for your time.

I affirm, by signing or typing my name below, that the statements contained in this Request For Reconsideration are true and correct to the best of my knowledge.
